

# Desert Diamonds: High Fashion Jewelry

By DJ Staff

*Every woman enjoys wearing jewelry on all occasions.  
Every woman's dream is to be independent, stylish and savvy.  
Desert Diamonds (D.D Jewels)... is what women want.*

D.D. Jewels collection includes an extensive, beautifully handcrafted collection of high quality diamond simulants, colored stones and semi-precious stones set in 18 k yellow and white gold. A choice of rings, pendants, earrings, bracelets and chains is available.

Jewelry is an extension of a woman's personality, expressing her style, creativity and love for life for her and for everyone around her to see.

D.D. Jewels is innovative, exciting and inspiring. The diamond simulant is hand cut using the same technique as a diamond with only one distinct difference - the price. Every piece is priced so that luxury is available and affordable to all women.

We all know that diamonds are forever. With D.D Jewels, the diamonds simulants are all ideal cut. This means they are cut using the same faceting techniques as carbon diamonds to produce optimum reflection of light and achieve brilliance of a good quality diamond without the cost.

In Saudi culture, we are always giving and receiving gifts for a variety of occasions, whether it's for a bride to be, a graduation, birthday or anniversary... the occasions here are endless. D.D. Jewels is the perfect place to get the luxurious gift that says everything, without going overboard with your budget.

The wide collection available and diamond cuts to choose from will most certainly have you coming back for more visits. D.D. Jewels store is now open on the second floor of Red Sea Mall in the Andalusian Section.

There will be a 10 percent discount for those with a printed voucher from the Facebook group for a limited time only.
